Agenda Item 4.4

Sent on Behalf of the Monitoring Officer

The Local Government Association is working on a new model code of conduct. How it will do so (including an indicative timetable) is set out in a report available on its website and here –

https://www.local.gov.uk/sites/default/files/documents/191003%20public%20document%20on%20civility%20in%20public%20life%20%28Autosaved%29.pdf

I am anxious that the parishes have a voice in this. I note that there will be consultation with NALC, amongst others, but there is an email address at the end of the report. If you have questions you would like the LGA to consider/answer or matters of concern, you may wish to email the LGA directly. If you do, please copy me into your email, so that I can understand the matters you raise. That way, when this Council considers the consultation expected next year, we can also factor in the views expressed by our parishes. Thank you.

Regards

Kathryn Tebbey
Group Manager Legal Services and Monitoring Officer
Mid Devon District Council
