

Additional Notes from DALC AGM and Conference

Digital Engagement - Tom Dixon, DCC Social Media

Only use digital media if council interested in increasing public engagement.

Aprox. 80% (show of hands) had web site)

Aprox 50% (Show of hands) had social media presence, (mainly holding page on some sort of social media FB)

Important to have social media and communication policy regarding who is posting information on behalf of the council.

Suggested using councils consider using "FB Business Manager" to monitor and control access to FB

Discussion who is responsible (Chair, Clerk or councillor)

Concerns re using GDPR as well as permission to publish photos either with out an express permission an associated creative commons license

Parish Mapping on Line - Chris Mewse, Geosphere

Extremely well attended and enthusiastic session regarding Parosh Online which si ponsired and promoted by NALC & DALC

Increasing use of Dlgital Mapping for such as asset mapping cemetery management highways management planning etc

BHIB Insurance co operate with, and pay for Parish Online if responsible for insuring the Parish Assets

Online Access data sets to flood risk, land registry, ordnance survey, aerial photography,rural england etc as well as data from DCC such as footpath and cycles paths

Discussions uniting with Districts and County to provide access to even more data sets regards

Roger Cashmore
