- Item 9.1, it was stated Greenbelt were the responsible Grounds Maintenance company and North Devon Council was the authority with the powers to enforce the maintenance. Clir Yabslev to review.
- Willow Rise Section 106 works underway in village was good to see, however could the conditioned funding for advertising these works be used to highlight the source of funding for the works. It was stated the "advertising" funding in the Section 106 was specifically for the County Council Highways Authority costs involved in the Legal Notice process to implement the crossing and move the 30mph limit and not for general advertising of the project.
- Overgrown hedge obstructing pavement and visibility for vehicles exiting Willow Rise [Reported online W231600897]. The Chairman reported a request had been put to Allison Homes to reduce the size of the road hedge as part of the transfer arrangements to the parish council.
- Difficulties identifying location of numbered properties in Willow Rise and concern this could be exacerbated by the additional development of the further 155 dwellings approved. Cllr Yabsley suggested the residents raise the matter with Allison Homes to provide signage.

The Chairman queried what had happened to the information that was to be forwarded to the clerk for passing to parish cllrs as agreed at the February meeting. Cllr Yabsley reiterated the pressure and deadline put on him and stated it was his responsibility to identify projects.

Cllr Searles stated one of the main objections last time around [previous Section 106 Open space discussions] was that the parish council had not been involved in making these decisions and it would appear this was being done again; Cllr Searles stated, supported by the Chairman and Cllr Dorow, it was the council's understanding this was to be discussed under agenda item 7.5 as agreed at the February meeting. Cllr Yabsley queried what had he missed to which Cllr Searles stated he and others would have liked to have had some input into determining the projects.

The Chairman asked if it was too late for the parish council to add its input or had it missed the boat and Cllr Yabsley said the parish council had missed the boat. The Chairman stated it would have been an idea to have contacted parish councillors before responding but Cllr Yabsley said he was under pressure to respond and that is the position we were now presented with. Cllr Yabsley confirmed when questioned the original request to him from the District Officer was a while ago and indicated he had asked the Officer to contact the parish council direct but this was old this was no longer the process.

Cllr Smith requested an update on the proposed accessibility project to improve the Bow / Trafalgar Square area. Cllr Yabsley stated no further update and the Traffic Order for West Street had been deleted and would not happen. Cllr Yabsley stated he would try and get an update on the accessibility works.

The Chairman requested an update on the discussion outcome with Cllr Squires concerning the B3137 in the neighbouring parish following the February meeting. Cllr Yabsley stated he could not see any significant issues with the road and cllrs should report any arising direct to Highways.
