Follow the arrow to the right across the field to the hedge then keeping this on your right carry on to a kissing gate into the next field, then keep the hedge on your left as you follow it round to the left until you get to a boggy patch and then another boggy patch by water tanks. From here you cross the field diagonally downhill to the gate onto Lower Washfield lane.

From Keepers Cross go downhill, past the houses then go through the second field gate on your right and follow the direction of the finger post sign diagonally up across the field to the top fence by a boggy patch and water tanks. Turn left keeping the fence and then the hedge on your right, round a corner to the right and along to a kissing gate into the next field.

From the gate keep left and follow the hedge until it does a sharp left hand turn. The path goes straight on here to a gate in the far left hand corner of the field. Turn right onto Nibbs lane and follow it until you get to the road.
